# **START FELLOWSHIP FACTSHEET**

Fellows@START Summit  
A Project by START Global  
17-22 March 2020  
St.Gallen, Switzerland

**START**  
FELLOWSHIP

## ABOUT US

START Global was founded at the University of St. Gallen in 1996 and has become the leading student initiative for Entrepreneurship and Technology in Europe. Our vision is to shape a new generation of entrepreneurs who develop solutions for society's challenges and take advantage of the new opportunities arising. START Global offers a unique portfolio of events and programs, which both create greater awareness for entrepreneurship and help forward-looking students make their entrepreneurial ideas become reality.

## WHAT IS THE START FELLOWSHIP?

The START Fellowship is a practice-oriented program which focuses on empowering talented students to grow into responsible and inspiring entrepreneurs. The program drives participants to build their startup by providing access to entrepreneurial knowledge, adequate infrastructures, financial resources and network connections.

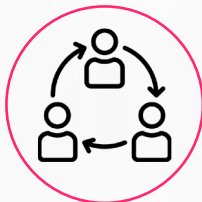

To launch the project, START Global is organizing the **Fellows@STARTSummit** pilot program. From the 17th to the 22nd of March, 20 tech students from Colombia and Romania will be invited to attend **START Summit**, Switzerland's leading entrepreneurship and technology conference with more than 3000 participants and based in St. Gallen.

## WHY JOIN?

### LEARN

Participate to tailored workshops, private sessions with international speakers and panel discussions with the START Fellowship team

### NETWORK

Meet talented students, successful founders and important investors

### ECOSYSTEM

Experience the vibrant atmosphere of **START Summit**, discover the Swiss startup ecosystem and visit the city of St. Gallen

### UNIQUE OPPORTUNITY

All costs are covered by START Global and its partners; flight and train tickets, housing, food, drinks

**Apply Now**

Open until the 6th of March 2020

## WHO SHOULD APPLY?

The Fellows@STARTSummit program is made for technical students who are interested in:

- Increasing their knowledge of entrepreneurship and innovation
- Making meaningful connections with like minded people
- Advancing a startup or startup idea
- Experiencing the entrepreneurial culture of Switzerland and Europe
